

Byron's Back with Becon

The world-wide leader in cannula design and innovation has returned with a new company but the same dedication to quality, precision and reliability. The only real change is the price.

- *Ergonomic Handle for lengthy procedural comfort*
- *Precision crafted surgical instrument for incomparable balance and extended life cycle*
- *Thirty years experience in making the worlds finest Liposuction cannula*
- *The same commitment to customer satisfaction, personal relationships and integrity*
